Some rules and guidelines to note please:

- The range is a working farm thus dogs are strictly not permitted
- Fouling shots will be permitted at the first range each day, these will be part of the shooter's time at that range
- As soon as you've finished your shoot, take all your gear to your vehicle (or well away from the mound) then return to score on the board
- Please do not leave any gear around the scoring area – there's not much space and we don't want anything accidentally kicked
- After verifying the total with the check-scorer, only the scorer may clear the shooter's string on the device (after a reasonable time to allow the shooter to take their screen shot)

Please return engraved and polished trophies! (Andre, Matthew, Coby, Sam K, Bruce, Dylan)
