

Wairarapa Championship 06 Feb 2020

Trentham delivered a steady wind from the north west changing to south west periodically requiring a degree of patience to avoid further scoring sighers ... with a lesson to all who got it wrong!

Only 2 possible scores were shot, both at 800 yards.

A reminder... albeit a gentle one that this is Trentham ... a problem we won't be faced with next year.. The unknown of the clubs new Masterton Longridge Range.

Prior to the presentation the masses gathered were brought up to date on the range development by Life member John McLaren.

Trophies were presented, where available (a number presented last year were not returned...)

Owey moves into presentation mode... Jared listens on with anticipation...

F-Open Champ Ian Hughes accepts the accolades

FTR Champ Saul Reid accepts the honours ...

C Grade was taken out by Tony Gore ... who raced off before I could get his picture...

(Tony, pictured here with the style that saw him beat the camera! Off to try and find the King Cup, last seen in the Petone Club rooms)

B Grade (Bidwell Shield) went to Nicole Mckee... seen here doing what she does best! Giving “the look” from behind the bar)

And the Champ was ... yes ... John... seen here (again) presenting himself with the Bidwell Belt, assisted by Owey... (I think Jared was trying to support the winner too)

Runner-up Ross Geange was presented with the Bouzaid memorial Tray.

This followed a quick reload session at the Duckett garage the day before using borrowed equipment and a switch to Optimus P projectiles ... might try them again!

A Grade 800/1000 - Maunsell Cup – Ross Geange 98.07

The bar is open...

Geoff tries to turn John to the dark side... got to give FTR a try John! You can do it at the new range, and no one will know!

The scores...
