

Kaituna Labour Weekend Teams match 2016

The teams match is shot at 900 yards, with 4 shooters firing 15 shots coached.

As was reported in the main report, the wind arrived as the shooting started in the teams match. It built as the match went on. This can be seen with the way that the scores for each team got lower as the match went on. The Petone team took out the match with 272.17 from Trentham on 270.18, not Malvern as was in the main report. Malvern were third one point further back on 269.17. It was a close match considering the conditions.

The top score was a commanding 75.9 from Helen Freiman and coach Anita Benbrook.
